

GUESTS ACCOMMODATION PLANNER

It is a thoughtful gesture to provide travel and accommodation information for your guests who must travel a long distance, say from upcountry or overseas to attend your wedding. You can reserve a block of rooms at a hotel nearby some may even extend discounted rates to your guests on block booking. If time allows research on airline and road transportation as well. (Note that you dont have to be responsible for travel and hotel costs). It is also considerate if you can arrange for some activities for your guests out of town e.g safari especially for your overseas guests
